PURCHASING

All purchasing for the school system to be paid from Terrebonne Parish School Board funds shall be made by the Superintendent or his/her designee in conformance with existing regulations and procedures of the School Board and the laws pertinent to state and federal agencies. Budget allocations for specific purposes shall constitute advance School Board

approval for all purchases except in such cases as state law or School Board policy may require. No debt shall be contracted in the name of the Terrebonne Parish School Board without action by the School Board except those items which are provided for in the regular budget. No obligations shall be incurred except those approved by the Superintendent of Schools or his authorized agent. Purchases shall be made at the lowest possible cost to the school system consistent with the system specifications of quality and service. The Terrebonne Parish School Board shall not be responsible for unauthorized purchases made by school personnel.

Each principal shall assure that purchases by the individual school shall be made in accordance with applicable state and federal law, and administrative regulations and procedures developed by the Superintendent and staff.

No employee, officer, or agent of the Terrebonne Parish School Board shall participate in the selection, award, or administration of a contract or purchase of supplies, materials, and equipment if a conflict of interest, real or apparent, would be involved. Terrebonne Parish School Board employees shall neither solicit nor accept gratuities, favors, or anything of monetary value from contractors, potential contractors, or parties to sub-agreements. All purchasing shall comply with the U.S. Department of Education *General Administrative Regulations (EDGAR)*, the *Louisiana Public Bid Law*, the *Louisiana Code of Governmental Ethics*, the *Louisiana Procurement Code*, and applicable state or federal regulations, as applicable.

USE OF FEDERAL FUNDS

All procurement of materials, supplies, and services, as well as the construction of public works, funded in whole or in part, with federal funds, shall comply with the requirements contained in Title 2, Section 200, of the Code of Federal Regulations. All procurements using federal funds, in whole or in part, shall employ one of the procedures identified in 2 CFR 200.320, if more stringent than those procedures required by Louisiana law. Should the School Board adopt the Louisiana Procurement Code, whether in part or in its entirety, the accompanying administrative regulations as promulgated in the Louisiana Procurement Code, as well as guidelines and policies issued by the Louisiana's Office of State Purchasing, relevant to the particular adoption(s)

may be applicable to the purchase, if more stringent.

Solicitations from Small and Minority Businesses, Women's Business Enterprises, and Labor Surplus Area Firms

When spending federal funds, the Terrebonne Parish School Board shall take all necessary affirmative steps to assure that minority businesses, women's business enterprises, and labor surplus area firms are used, when possible. Affirmative steps shall include:

1. Placing qualified small and minority businesses and women's business enterprises on solicitation lists;
2. Assuring that small and minority businesses, and women's business enterprises are solicited whenever they are potential sources;
3. Dividing total requirements, when economically feasible, into smaller tasks or quantities to permit maximum participation by small and minority businesses and women's business enterprises;
4. Establishing delivery schedules, where the requirement permits, which encourage participation by small and minority businesses and women's business enterprises;
5. Using the services and assistance, as appropriate, of such organizations as the Louisiana Economic Development Agency, and Small Business Administration and the Minority Business Development Agency of the United States Department of Commerce; and
6. Requiring the prime contractor, if subcontracts are to be let, to take the affirmative steps listed in paragraphs 1 through 5 of this section.

Exclusion or Rejection of Quotes or Bids

A contract award or a purchase made with federal funds shall not be made to parties listed on the government-wide exclusions in the *System for Award Management* maintained by the U.S. Government, which contains the names of parties debarred, suspended, or otherwise excluded by agencies, as well as parties declared ineligible under statutory or

regulatory authority.

USE OF STATE FUNDS

Procurement of materials and supplies when using state or locally generated funds shall follow the procurement method as authorized by Louisiana law.

Financing Purchases

The School Board may finance the purchase of equipment or other movable property to be used by the School Board by entering into an installment sale, lease, or similar agreement with any lender or other person. If required, such agreement shall be subject to approval of the State Bond Commission in accordance with statutory provisions. No individual school or employee shall obligate the School Board without proper school system personnel knowledge and approval.

Use of State Contract

If equipment, materials or supplies are available from a State of Louisiana Contract, the Superintendent and/or his/her designee may approve the purchase without using one of the purchasing procedures outlined in statutory provisions, if advantageous to the School Board.

The School Board may also *piggyback*, or purchase materials and supplies on valid contracts of other political subdivisions in accordance with La. Rev. Stat. Ann. §§33:1321-1337 or La. Rev. Stat. Ann. §38:321.1.

Louisiana Procurement Code

State law authorizes School Boards to adopt all or any part of the *Louisiana Procurement Code* as contained in state statutes (La. Rev. Stat. Ann. §39:1551-39:1755). For proper and efficient operations, the Terrebonne Parish School Board may adopt, by resolution or otherwise, pertinent provisions of the *Louisiana Procurement Code*, accompanying administrative regulations as promulgated in the *Louisiana Procurement Code*, as well as guidelines and policies issued by the state's Office of State Purchasing, relevant to the procurement of materials, supplies, merchandise, and other types of property.

SOLE SOURCE PROVIDER

The School Board may award a contract for the purchase of supplies, services, or major repairs without competition when the Superintendent or designated employee has determined, in writing, that there is only one source for the supply, service, or major repair item(s) to be acquired. Pertinent procedures for purchasing such items from a sole source shall be as outlined in the State of Louisiana Office of State Purchasing's *Purchasing Rules and Regulations*.

Qualified Group Purchasing Organizations

A qualified group purchasing organization means an organization, whether for profit or not for profit, of which two (2) or more public school districts are members and which solicits proposals or bids from vendors of materials, equipment, or supplies of the type and nature as may be purchased by a public school district or public school.

As provided in La. Rev. Stat. Ann. §38:2212.1, the School Board may enter into an agreement with: (A) one or more School Boards to form a qualified group purchasing organization; or (B) one or more qualified group purchasing organizations for the purchase of materials, equipment, and supplies, including installation thereof. Any such agreement shall require that the qualified group purchasing organization submit a price list for those materials, equipment, and supplies offered by it and that the prices quoted on the list remain in effect for a stated period of time of not less than three (3) months. Any such price list shall be considered, for all purposes, to be a valid and binding bid by the qualified group purchasing organization during the effective period of the agreement, and no additional bid by the qualified group purchasing organization is necessary.

The School Board may purchase materials, equipment, or supplies directly from or through a qualified group purchasing organization either if the price is less than that for the same or substantially similar materials, equipment, or supplies on the state contract or bid list, or if the same or substantially similar materials, equipment, or supplies are not under state contract or on the state bid list. Nothing included in this paragraph shall be construed to authorize the School Board to purchase materials, equipment, or supplies from or through an entity or vendor other than a qualified group purchasing

organization as defined herein without using a procurement process otherwise provided by state law.

Competitive Online Solicitation Reverse Auction

The School Board may use a reverse auction ~~or competitive online solicitation process on the Internet~~ for the purchase of equipment, supplies, and other materials in lieu of the more formal bid process when the School Board's procurement officer determines that the electronic bidding is more advantageous and in the best interests of the School Board. **Reverse auction means a competitive online solicitation process on the Internet for the purchase of equipment, supplies, and other materials or consulting services.**

Prior to the use of a ~~competitive online solicitation process~~ **the reverse auction**, the School Board may require that:

1. Vendors register before opening dates and time, and as part of the registration, require that the vendors agree to any terms and conditions and other requirements of the solicitation.
2. Vendors be prequalified prior to placing bids and allow only bidders who are prequalified to submit bids.
3. The solicitation shall designate an opening date and time and the closing date and time. The closing date and time may be fixed or remain open depending on the structure of the item being bid.
4. At the opening date and time, the School Board shall begin accepting online bids and continue accepting bids until the bidding is officially closed. Registered bidders shall be allowed to lower the price of their bid below the lowest bid posted on the Internet until the closing date and time.
5. Bidders' identities shall not be revealed during the bidding process; only the successively lower prices, ranks, scores, and related bid details shall be revealed.
6. All bids shall be posted electronically and updated on a real-time basis.

7. The School Board shall retain the right to cancel the solicitation if it determines that it is in the School Board's best interest.
8. The School Board shall retain its existing authority to determine the criteria that will be used as a basis for making awards.

Adequate public notice for **the purchases of materials, supplies, equipment, or consulting services** using a reverse auction ~~or competitive online solicitation process~~ shall be given as follows:

1. The advertisement or notice shall be published two (2) times in a newspaper in the locality, the first advertisement to appear at least fifteen (15) days before the opening date of the reverse auction. In addition to the newspaper advertisement, the School Board may also publish an advertisement by electronic media available to the general public.
2. The first publication of the advertisement shall not occur on a Saturday, Sunday, or legal holiday.

LOCAL PREFERENCE

To the extent possible, when purchasing with state or locally generated funds, all things being equal, purchases of school supplies, equipment, insurance, candy, soft drinks, etc., shall be made from dealers whose firms are located in the Parish of Terrebonne, both by individual schools and by the Terrebonne Parish School Board.

To the extent possible, when purchasing with state or locally generated funds, all things being equal, local firms shall be given preference in the awarding of contracts for construction or maintenance work. All firms awarded contracts to perform work for the Terrebonne Parish School Board shall be urged and encouraged to employ local labor, when possible.

VENDORS

The School Board shall seek business and bids from all eligible vendors, regardless of race, creed, color, sex, national origin, age or handicap. No favoritism shall be extended to any vendor. Each order shall be placed on

the basis of quality, price and delivery; past services being a factor if all other considerations are equal.

No person officially connected with or employed by the School Board shall be an agent for, or have any pecuniary or beneficial interest in or receive any compensation or reward from any vendor for the sale of supplies, materials, equipment, services, or public works contracts.

No employee of the School Board shall solicit or accept, directly or indirectly, anything of economic value as a gift or gratuity from any vendor representative or agent of a vendor, or a prospective vendor or contractor.

Vendors may set up an appointment to see the principal with written prior approval from the Superintendent/designee. The principal may present the information to the appropriate school staff member. If the school staff member wishes to set up an appointment with the vendor to discuss products offered, he or she may do so.

BIDS AND QUOTATIONS

PUBLIC WORKS

The Terrebonne Parish School Board shall advertise and let by contract, except in cases of emergencies as provided below, all public work exceeding \$250,000 or such sum as allowed by law, including labor, materials, equipment, and administrative overhead not to exceed fifteen percent (15%). The contract shall be awarded to the lowest responsible bidder who has bid according to the contract, plans, and specifications advertised. Public works, which are estimated to cost less than the contract limit, may be undertaken by the School Board with its own employees.

As an evidence of good faith of the bidder, the School Board shall require bidders for construction, improvement, repair, or other work to attach to the bid submitted, a bid bond, certified check, or cashier's check for not more than five percent (5%) of the contract work to be done. The School Board may require a bid bond or certified or cashier's check of not more than five percent (5%) of the estimated price on bids taken for supplies and materials.

When any bid is accepted for construction or doing any public works, a written contract shall be entered into by the successful bidder and the School Board, and the successful bidder shall furnish a bond in an amount not less than one-half of the amount of the contract, for the faithful performance of his or her duties.

When using state or locally generated funds, under no circumstances shall there be a division or separation of any public work project into smaller projects, which division or separation would have the effect of avoiding the requirement that public work be advertised and let by contract to the lowest responsible bidder in accordance with statutory provisions.

The School Board shall retain the option of requiring all bids that are let out for public works be submitted electronically.

MATERIALS AND SUPPLIES

All purchases of materials or supplies exceeding the sum of \$30,000 to be paid out of public funds shall be advertised and let by contract to the lowest responsible bidder who has bid according to the specifications as advertised. In addition, purchases of materials or supplies of at least \$10,000, but not more than \$30,000, shall be made by obtaining not less than three (3) documented quotations. A written confirmation of the accepted offer shall be obtained and made a part of the purchase file. The School Board may require a written contract or bond when purchasing the materials or supplies. If quotations are received that are lower than the quote accepted, a notation shall be entered into the file as to the reasons for rejection of the lower quotes.

When using state or locally generated funds, purchases cannot be divided by departments or by a school if the effect is to evade the state's public bid law. Purchases of commodities that are bought in small but recurring amounts through the year shall be bid on an annual basis.

The School Board shall retain the option of requiring all bids that are let out for materials and supplies be submitted electronically.

In lieu of formal bids, the School Board may use a *reverse auction or competitive online solicitation process* for the purchase of equipment, supplies, and other materials **or consulting services**, as outlined in policy D-7.4, *Purchasing*.

EMERGENCIES

In cases of an emergency or extreme emergency, when time is not sufficient

to advertise for bids for public works or purchase of materials, the School Board or designee is permitted by law to declare, through resolution, that a public emergency or extreme public emergency exists and extend a contract for more than the sums mentioned without going out to bid. However, in such cases every effort shall be made by School Board personnel to secure competitive quotations. The accepted quote shall be confirmed and documented, in writing. State law permits a person designated by the School Board to declare the existence of an *extreme public emergency*. This designated person shall be the Superintendent and/or his/her designee. Notices of an *emergency* or *extreme emergency* shall be published in the School Board's official journal within ten (10) days of the emergency being certified by the School Board or designee.

An *emergency* is defined by La. Rev. Stat. Ann. §38:2211 (5)(a) as:

"An unforeseen mischance bringing with it destruction or injury of life or property or the imminent threat of such destruction or injury or as the result of an order from any judicial body to take any immediate action which requires construction or repairs absent compliance with the formalities of this Part, where the mischance or court order will not admit of the delay incident to advertising as provided in this Part."

An *extreme public emergency* is defined by La. Rev. Stat. Ann. §38:2211 (5)(b) as:

"A catastrophic event which causes the loss of ability to obtain a quorum of the members necessary to certify the emergency prior to making the expenditure to acquire materials or supplies or to make repairs necessary for the protection of life, property, or continued function of the public entity."

BID ADVERTISEMENTS

All advertisements for bids for public works shall appear in the newspaper selected as the official journal for the School Board, except in emergencies as may be declared by the School Board. Any advertisement for any contract for public works, when published, shall appear once a week for three (3) different weeks in a newspaper in the locality and the first advertisement shall appear at least twenty-five (25) days before the

opening of bids.

Any advertisement for any contract or purchase of materials or supplies shall be published two (2) times in a newspaper in the locality, the first advertisement appearing at least fifteen (15) days prior to the opening of bids.

In addition to newspaper advertisements, the School Board shall also publish advertisements and accept bids by electronic media in accordance with uniform standards promulgated by the state. In any advertisement, the first publication shall not occur on a Saturday, Sunday, or legal holiday.

If the School Board issues or causes to be issued on a public work exceeding the contract limit set by state law, any addendum modifying plans and specifications within a period of seven (7) days prior to the advertised time for opening of bids, excluding Saturdays, Sundays, and any other legal holidays, the School Board shall transmit a copy of the addendum to all prime bidders who have requested bid documents. The transmission shall be completed within twenty-four (24) hours of the issuance of the addendum, and may be delivered by either facsimile transmission (fax), e-mail, other electronic means, or by hand provided the prime bidder has supplied the fax number or e-mail address to the School Board. In addition, a copy of the addendum shall be sent by regular mail. If the addendum cannot be transmitted by fax, e-mail, other electronic means, or hand delivered, the School Board shall be required to postpone the bid opening by at least seven (7) days.

The School Board shall not issue or cause to be issued any addendum modifying plans and specifications within a period of seventy-two (72) hours prior to the advertised time for the opening of bids, excluding Saturdays, Sundays, and any other legal holidays; however, if the necessity arises to issue an addendum modifying plans and specifications within the seventy-two (72) hour period prior to the advertised time for the opening of bids, then the opening of bids shall be extended at least seven (7), but not more than twenty-one (21) working days, without the requirement of re-advertising. The addendum shall state the revised time and date for the opening of bids.

OPENING OF BIDS

All bids shall be opened in public in the presence of one or more witnesses, at the time and place designated in the invitation for bids. Each bid, together with the name of the bidder, shall be recorded and open to public inspection. However, the School Board shall not accept or take any bids including receiving any hand delivered bids, on days which are recognized as holidays by the United States Postal Service.

BID AWARD

In order to protect the integrity of the competitive bidding process, the determination of responsiveness by the bidder must be made from the bid documents at the time of the bid opening. Any deviation from or failure to supply information required by the bid documents may result in the bid being rejected as *non-responsive*.

The Superintendent and/or other appropriate administrators shall review, summarize and report bids to the School Board with recommendations for bid award unless the School Board grants permission for staff to evaluate, award, and notify the School Board at a later date.

DISQUALIFICATION OF BIDDER FOR NON-RESPONSIBILITY

If the School Board proposes to disqualify any bidder for *non-responsibility* (the possibility that the bidder may not satisfactorily fulfill the contract being bid), the School Board shall:

1. Give written notice of the proposed disqualification to such bidder, and include in the written notice all reasons for the proposed disqualification;
2. Give such bidder, who is proposed to be disqualified, the opportunity to be heard at an informal hearing to be conducted not later than five (5) business days after the issuance of the notice of the proposed disqualification, at which such bidder is afforded the opportunity to refute the reasons for the disqualification; and
3. Conduct the informal hearing prior to the award of the public work.

No award of the contract for the public work shall be made by the School Board prior to the expiration of at least five (5) working days following the date of issuance of the written ruling from the informal hearing.

EXCLUSION/REJECTION OF BIDS

The School Board, after the opening of bids, shall require each bidder or bidding entity to attest or submit an attestation that the sole proprietor, partner, incorporator, director, manager, officer, or other like individual who owns at least ten percent (10%) of the bidding entity, has not been convicted of, or has not entered a plea of guilty or nolo contendere (no contest) to any of the crimes or equivalent federal crimes listed in La. Rev. Stat. Ann. §38:2227.

In awarding bids or contracts, the School Board shall be authorized to reject the lowest bid from a business in which any individual with ownership interest of five percent (5%) or more has been convicted of, pled guilty or nolo contendere to any state felony crime or equivalent federal crime committed in the solicitation or execution of a contract or bid under the state laws governing public contracts; professional, personal, consulting, and social services procurement; or the Louisiana Procurement Code.

Any contract between the School Board and a person or entity entered into as a result of fraud, bribery, corruption, or other criminal acts, for which a final conviction has been obtained, shall be null and void.

Any person whose conviction causes the nullity of a contract shall be responsible for payment of all costs, attorney fees, and damages incurred in the rebidding of the contract.
