Principal News:

What is LEAP? It tests students' knowledge and skills in English Language Arts, Math, Science and Social studies. These tests tell us whether or not a child has mastered this year's curriculum and we use the data to determine if a child is ready for the next grade level. This data follows your child until he or she graduates from high school and will be used to make decisions about placement in classes for junior high and high school. Students scoring all Mastery and Advanced will be placed in honors classes at the feeder schools.

Parents can help with preparing their children for LEAP. Follow these steps during testing and your child will be able to perform to the best of their ability.

1. Be well rested.
2. Eat a nutritious breakfast.
3. Dress comfortably.
4. Arrive to school on time.
5. Stay positive, take deep breaths, and relax. Know that the teachers have prepared them.
6. Pay attention to the test directions.
7. Read every answer, then choose the best one.
8. Check your answers if you have extra time.
9. Review to make sure that you answered every question before your final submission.
10. Schedule any appointments for after 12 noon.

LEAP 2025 Testing Schedule Grades 3rd - 6th

Tuesday, April 16th - Sessions 1 ELA & Math

Wednesday, April 17th - Sessions 2 ELA & Math

Thursday, April 18th - Sessions 3 ELA & Math

Tuesday, April 23rd - Sessions 1 & 2 Science

Wednesday, April 24th - Sessions 1 & 2 Social Studies

Thursday, April 25th - Sessions 3 Science & SS

Thank you,

Mrs. Campbell

Assistant Principal News:

Welcome back from Spring Break! Our Glow Party last month was a huge success. Our PBIS tracking for Nachos and a Free Recess will end on April 11, 2024. We will begin to track for our last event of the year on April 12, 2024—Wet and Wild Day. The event will be similar to last year's water activity. However, this year we will have wet and dry activities for students to participate in including bounce houses, water relays, a cool pool chill area, over and under race to name a few of the fun events we will offer on May 16, 2024 tentatively. We are planning to offer some free activities, as well as, some costing 1.00 per event. T-shirts and tickets for some activities will be sold in advance for games and concessions. A donation letter will be forthcoming for anyone who would like to volunteer their time or donate a food item to help with the cost of the event. Students will have to earn the required amount of signatures and have no major office referrals to attend. Please encourage your child to make smart choices daily to earn this fun, last PBIS event of the school year. Thank you for all of your support and help with all of the activities.

Sincerely,

Mrs. Kraemer

At Oakshire, we are building our foundation one brick at a time, one academic skill at a time, and one kid at a time!

How To Help Your Child Prepare for State Testing

- *Make sure your child gets a good night's sleep and eats a healthy breakfast.
- *Make sure your child is prepared. - After testing, students are given time to read and relax. Ensure they have a book to read that will capture their interest.
- *Remain positive -Staying calm will help your child stay calm. If they get nervous about the test or is likely to experience anxiety during the test, help him/her practice some relaxation techniques that they can try once they are taking the test.

School Counselor's News

I hope everyone had a relaxing Spring Break! This school year is quickly passing by and we are focusing on test preparations. This month we will continue with test prep skills. 6th graders will also complete their required career lessons through completion of various in-school and out of school activities. If you have any questions or concerns about your child, please contact Ms. Norman at (985) 876-1007

Reminders:

- Car riders are issued student pick-up tags which must be on display when student is picked up.
- Students cannot be checked out after 3:25 PM.
