Elementary summer schools may offer programs to enable students not meeting the promotion criteria during the regular school year to attend a state-approved summer school to remove deficiencies and be considered for promotion to the next grade or to provide additional learning opportunities. Students attending summer school for promotional purposes shall have written consent by the principal of the last school they attended.

Students not passing the Louisiana Educational Assessment Program (LEAP) exam administered in the spring of each year in grades 4 and 8, are highly recommended to attend a summer school remediation program for remediation in the specific area needed and may be retested at the conclusion of the course. Summer remediation shall consist of a minimum of fifty (50) hours of instruction per subject.

Secondary summer schools may offer summer school to enable students to schedule courses to enrich their experiences, to take new subjects, and to enable students who have failed in subjects to remove deficiencies.
